LEWIS, GROSS, SPONSOR OUT OF GOP RACES

Adams County Republican Chairman John H. Baschore is an unopposed candidate for delegate to the Republican national convention today after three Republicans withdrew from post contests at Harrisburg on Monday.

Baschore and Oliver J. Dickey, Lemoyne, now have no opposition for their candidacy for national convention delegates from the 19th Congressional District of York, Adams and Cumberland Counties. Samuel S. Lewis, York, withdrew Monday.

Lewis, who was state secretary of forests and waters in former Governor Fine's cabinet and had attended every GOP national convention since 1900, announced in York that he "withdrew in the interest of party harmony in President Eisenhower's congressional district" and wanted to give "the President strong support" next fall.

Gross Seps Out
At the same time the field for the Republican nomination for Congress in this district narrowed to four with the withdrawal of former Congressman Chester H. Gross, York. He had served four times as congressman from the old York-Adams-Franklin district.

Continuing in the race are Atty. Ralph Fisher, Wrightsville, already endorsed by the Cumberland County organization; John Hertzler and former Congressman S. Walter Stauffer, both of York, and Roy Smith, of Dillsburg.

Meanwhile Adams County Republicans continued to be faced with making a choice between Fred G. Pfeffer and William I. Shields for county chairman to succeed Baschore. Neither withdrew Monday which was the deadline for stepping out of primary contests.

Ike Will Hold Press Session Wednesday A.M.

WASHINGTON (AP)—President Eisenhower will hold a news conference at 10:30 a.m. tomorrow—his regular hour for meeting the press. White House Secretary James C. Hagerty said he "wouldn't know" whether Eisenhower will announce his second term intentions at that time.

Hagerty also told reporters he did not know whether Eisenhower planned to make a radio and television appearance later tomorrow. That is a step the President is generally expected to take after any announcement of a decision on the second term question.

Asked if there was any plan to present to ask for such broadcast time, Hagerty said:

No Second Conference

"I haven't any comment on that at all."

The press secretary said in reply to further questions there are no plans for Eisenhower to hold a second news conference tomorrow.

This question was prompted by speculation that Eisenhower might hold up any announcement on the big question until after the 3:30 p.m. closing of the New York Stock Exchange.

He has expressed concern in the past over market fluctuations stemming from his heart attack and related developments.

Hagerty was asked whether the market situation was taken into consideration in setting the hour of tomorrow's news conference at 10:30. A reporter said this might be taken as a hint that the President would announce he planned to run again.

"I wouldn't know," Hagerty replied. He said 10:30 a.m. "is the regular time for our press conference."

ent jointures — particularly North Adams and Conewago. Lower Adams, with a new elementary school completed prior to approval of the present county plan, was in "good shape" temporarily.

As a step toward implementation of the county plan, the Bermudian Springs jointure was recently formed, comprising North Adams and Reading Twp. from the Conewago Jointure. The Bermudian Springs jointure has received permission to construct an elementary school in Reading Twp., but was turned down on plans for addition to the high school building in York Springs because the Bermudian Springs jointure did not as yet contain all of the area, including East Berlin, that is scheduled to be in the new jointure, according to the county plan.

Thus the letter from the state read Monday night leaves Bermudian Springs in a quandary concerning its future. If Conewago continues as it is, without regard to the county plan, Bermudian Springs jointure will apparently have to be disbanded.

Meeting This Evening

The county board, on the strength of the letter from the State Council of Education, gave its approval for County Superintendent of Schools H. Edgar Riegle to work with the Conewago Joint School System in seeking a room schedule from the state department of public instruction — the first step in securing building approval. The request to the state for a room schedule will be made by the county board without any indication of approval or disapproval and without any changes being made in the county plan, according to the decision reached Monday night.

Actual first step to secure a room schedule for the Conewago jointure will take place at a meeting this evening at East Berlin. At that meeting the districts comprising the Conewago jointure will be asked to approve petitioning of the county board to ask it to request the state for a room schedule. If a majority of all of the boards of Conewago jointure approve of such a course, then, because of the action of the county board Monday night, the request will go forward to the state without need of further action by the county board.

One Expresses Doubt

Of six representatives from the Conewago jointure present Monday night at the county board meeting, only one expressed an opinion that the Conewago Jointure districts might not be unanimous in their action tonight.

After the state is asked for a room schedule, the state asks certain information concerning number of students, etc., and makes up a schedule of the number of rooms and type of rooms needed by the district planning to build. When that schedule is secured the next step is to secure an architect to draw up a plan for a school which would have the number of rooms and type of rooms listed in the room schedule provided by the state. Following that it is to obtain approval from the state for the architect's plans and finally, building the structure.

Attending the county board meeting Monday night, in addition to the county board members, Superintendent Riegle, Assistant County Superintendent C. P. Keefe and Attorney J. Francis Yake were William Hildebrand and Richard Riggs of the East Berlin school board and Joseph Stoner, Thurman Inskip, Ralph Myers and Melvin Starnier of the Reading Twp. board.

The letter read to the county board was addressed to Mr. Hildebrand. Dated February 23, it was in response to a question which Hildebrand had submitted to the state council of education. The question was whether a county board has the right to prevent a jointure from submitting building plans to the state. The answer held that when jointures were formed prior to 1951 they have a right to submit building plans directly to the state if they wish, and implied that jointures formed after 1951 would have to work directly through their county boards. The 1951 act provided that the county boards had to give approval for the formation of jointures. Prior to that school districts could form jointures without restriction. All of the Adams County jointures were formed prior to the passage of the 1951 act.

The Chinese officers noted that much of the Nationalist forces on Formosa is made up now of younger men who fled and are fleeing China for Formosa and "older men have retired and taken up other duties on Formosa."

Blames "Dirty Plays"
For Juvenile Ills

VERO BEACH, Fla. (AP)—Brooklyn outfielder Carl Furillo today attributed much juvenile delinquency to "dirty play" in the majors.

At the same time it was explained that every GOC member who has been given the loyalty oath is fully covered by liability insurance, going to and from the spotter post as well as while on duty there.

It was stated that plans have been initiated for all GOC members to take a trip to an Air Force Base in the near future; details will be announced as they are arranged.

GOC Supervisor Gerald W. Daley was present to offer commendations to the spotters. At the conclusion of the session, Sgt. Pennington showed a movie "The 1955 Sports Review." The unit will meet again at 7:30 p.m. on March 28.

Submitted last night, it calls for a 15 million grant for general assistance benefits, aid to dependent children and pensions for the blind. Chairman Polen (D-Washington) of the House Appropriations Committee, sponsor of the bill, said current Department of Public Assistance funds, under the last 15 million dollar stop gap, probably will last until about April 11.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
FIFTY YEARS AGO

Colonial Tea: The Colonial Tea given Friday evening in the Sheds building by the Daughters of the American Revolution was an interesting as well as a successful affair. The women were gowned in costumes appropriate to the occasion and the rooms were trimmed with flags, quaint pictures, ancient andirons, tall candlesticks, a copper tea-kettle swinging in the chimney place, antique furniture and a display of pewter ware. The tea was well patronized and a nice sum realized.

Mr. Troxell Appointed Clerk: C. William Troxell, who has been the very efficient and accommodating clerk at the Eagle Hotel for a number of years, was yesterday appointed to fill the clerkship with the Citizens' Trust Company, made vacant by the resignation of E. P. Sachs. Mr. Troxell is a congenial gentleman and is well qualified for the position.

In The County: While cutting ice at Laurel Dam recently, Lewis Starnor, of near Bendersville, had his foot badly mashed by a large cake of ice falling on it.

One night recently a thief or thieves stole a coal oil stove and some fine celery from the premises of Guy Hollinger, Abbottstown.

The sale of Lewis Bosserman, of near East Berlin, held last Saturday, amounted to \$4,636.98.

Finger Amputated: Howard Reinger met with a painful accident while at work in the furniture factory Monday afternoon. He was operating the jointing machine when in some manner next to the little finger of the left hand was caught and cut off at the second joint.

The Sick: Cornelius Lerew, of near Orrtanna, who as noted in these columns some time ago as being shot, is still in the Chambersburg hospital, and is in a serious condition.

Charles Crouse, of near Littlestown, who was brought to the Alms House for treatment last week, remains in a serious condition.

Rev. Paul Spangler, pastor of the Reformed church at East Berlin, has been confined to his bed for the past week with Bright's disease.

Harry Robinson's condition is still very critical.

Gave Memorial Program: The Phreana Literary Society of college held a memorial program in their hall on Friday evening in memory of the late Dr. Milton Valentine, a former member of the society. The program consisted of appropriate addresses and music.

Fairfield Items: Feb. 26. — Mrs. John Myers, of Hanover, spent a few days last week with friends in town and vicinity.

The Citizens' Band of this place was in Emmitsburg last Saturday evening, where they played for a festival held in the interest of a new band at that place.

Blaine Waddle, who has been sick, is improving.

General Local Jottings: Gettysburg basketball team defeated the Bloomsburg Normal School team last Monday evening by the score of 43 to 7.

The Cashtown Hotel, "Rock Top," was sold last week to a Mr. Johnson, of Harrisburg, for \$4,000. Mr. Johnson is also the owner of the hotels at Biglerville and Bendersville. Jacob Deardorff, present proprietor of the Cashtown hotel, will retire from the business on April 1st, with a record of which he can well feel proud.

In A Social Way: Miss Ida Tinges and Mrs. H. T. Weaver, entertained at their respective homes Monday evening.

Today's Talk

THE OBSERVING EYE

All of us whose eyes are healthy see a great many things that are interesting and instructive each day, but their images pass quickly from our sight and memory. In one of those unique side remarks by Sherlock Holmes, he said in addressing Dr. Watson: "You see, but you do not observe!"

It is always a joy to talk with my friend Edwin Way Teale, the naturalist. We both see a flower, or a bird, but Teale, the expert, will call to my notice many an interesting piece of information about that flower or bird that I never even thought of. I saw all right, but that is all. The observer is the most accurate in what he sees.

These naturalists are wonderful people. What makes all of W. H. Hudson's books so absorbing and interesting is that he observes everything that he sees. Like Dr. Carver, who "talked with flowers," Hudson put friendship into everything that he saw and observed. He wrote from intimate contact with his subject.

That which made Sherlock Holmes such an absorbing character was that he observed the smallest detail. So much so that his friend Dr. Watson was continually being taken by some surprise. How acquainted we are with that expression, "I don't remember," as given in so many trials at court. People may see but not observe. The observer's testimony is the most upon which to rely.

That which has made the "Notebooks" of Samuel Butler so interesting and thought stirring is that he was a great observer, which made him a noted analyst of human beings of all sorts. He had an observing eye, but he had eyes of the mind, too, going deeper than the outward physical eye.

The great reporter is not enough. The late Ernie Pyle observed — nothing missed him. While others noted events and particular actions, he listened to those with him, in dangerous spots. He interpreted the thoughts of those G. I. companions in the dugouts and in the midst of bullets and shells!

Tomorrow Mr. Adams will talk on the subject: "Timing."

GRADUATION

The graduates wear gowns and caps.

The fathers and mothers sit holding wraps.

Proud and happy as they can be.

Waiting just one of the class to see.

"There she is now!" is the tender cry.

And we clap our hands as she passes by.

Her friends rejoice with the parents, too.

That a child they have known so much could do.

For father and mother the day must seem

Accomplishment of a cherished dream.

A hope they had on the night or morn

When the girl in that cap and gown was born.

The father smiled and he said to me:

"This is a day I have longed to see."

I'm thankful, grateful and very proud

That such a morning has been allowed.

SEN. KILGORE,
WEST VIRGINIA,
DIES OF STROKE

WASHINGTON (AP)—Sen. Harley Martin Kilgore, the first West Virginian ever elected to three successive terms to the U.S. Senate, died early today.

Death came at 2:23 a.m. of the 63-year-old Democrat at Bethesda Naval Hospital.

He became seriously ill Feb. 25 when he suffered "a minor stroke" at the hospital. He had gone there 12 days before for a physical checkup and treatment for high blood pressure.

Cerebral Hemorrhage

Prior to the stroke he had responded favorably to treatment and had expected to leave the hospital within a few days.

Harold C. Miller, Kilgore's administrative assistant, said the senator suffered another cerebral hemorrhage early this morning and died soon afterward. He had been in a semi-coma for most of the past two days, Miller said, and was unconscious at the time of death.

Mrs. Lois Kilgore, his wife, a son, Robert, and a daughter, Mrs. Albert T. Young Jr., visited the senator yesterday evening.

Miller said doctors at the hospital attributed death to a stroke stemming from high blood pressure.

Cuts Democratic Majority

With Kilgore's death, the Democratic majority in the Senate was reduced to one seat, 48-47. The West Virginian was the first senator to die in this session of Congress.

Kilgore, who was born Jan. 11, 1893, at Brown, Harrison County, W. Va., was first elected to the Senate in 1940. He defeated the late Sen. Rush Holt, "the boy wonder" senator, in the Democratic primary, and Thomas Sweeney, Republican, in the general election.

He was re-elected in 1946, again defeating Sweeney.

Won 3rd Term

In 1952, he won his third successive term by defeating former Sen. Chapman Revercomb, Republican.

Kilgore was serving as chairman of the Senate Judiciary Committee and as a member of the Senate Appropriations Committee at the time of his death.

During 1941, he became closely associated with former President Truman, then serving in the Senate. After Truman became president in 1945, Kilgore was a frequent visitor to the White House.

He followed Truman to the chairmanship of the Senate War Investigations Committee, which was

credited with saving the government millions of dollars.

During his more than 16 years as a senator Kilgore sponsored legislation for stricter mine safety, more adequate social security and unemployment compensation.

He also authored labor bills, a federal program to combat adult illiteracy, and small business and antimonopoly legislation.

Kilgore attended West Virginia public schools and was graduated with an LL.B. degree from West Virginia University in 1914.

During World War I he served in the Army and was discharged as a captain.

In addition to his widow and two children, he leaves four grandchildren.

He was re-elected in 1946, again defeating Sweeney.

WASHINGTON (AP)—The White House said Monday that "in all probability" President Eisenhower will hold a news conference Wednesday. But all questions as to whether he may announce his second term intentions ran into a wall of "no comment."

Press Secretary James C. Hagerly, who said a news conference was probable, said he didn't know what time it might be held—assuming there was one.

Mount Is Outclassed 101-76 By St. Francis; Will Defend Its M-D Title At Washington

A pressing zone defense employed by St. Francis proved too much for the Mt. St. Mary's College cagers who lost a 101-76 decision to the Frankies at Altoona Monday evening before approximately 1,200 fans.

St. Francis gave a brilliant performance from the field in landing 44 goals on but 77 shots for a 58 per cent shooting mark. Jim McClellan, 6-6 center, led the winners with 27 points and grabbed 15 rebounds.

The Mountaineers trailed all the way as St. Francis piled up a 55-34 lead in the first half and maintained a wide lead during the second half.

Jerry Bohlinger and Bill Stanley each landed 14 points for the Mountaineers, most of their tallies coming from the outside on jump and one-handed shots.

Jack Sullivan, who rejoined the squad Saturday after suffering an ankle injury February 13, wound up with 13 points during his part-time performance.

18-8 For Season
The loss gives the Mount and overall 18-8 log for the regular season.

Cosch Jim Phelan and his squad will go to Washington, D. C., Thursday to take place in the annual Mason-Dixon Conference tournament at Catholic University.

The Mount, defending tournament champions, will meet Bridge-water Thursday evening at 6:55.

PIEDMONT LOOP DISBANDED

COLUMBUS, Ohio (AP)—Minor league baseball's Piedmont League disbanded, effective Monday, George Trautman, president of the National Assn. of Professional Baseball Leagues announced.

Trautman said operators in the league had a poor season financially in 1955 and feared a repetition of poor attendance this year.

The league had teams in Hagerstown, Md.; Lancaster, Pa.; Lynchburg, Va.; Newport News, Va.; Portsmouth, Va.; Sunbury, Pa.; and York, Pa. Norfolk, Va., dropped out in mid-season last year.

Becomes Skin Diver Although 60 Years

TULSA, Okla. (AP)—Unlike "over 60" fellow bankers, who after a day's work may putter about their gardens, N. M. (Mike) Hulings is apt to go skin diving or fly an airplane.

Or he may stroke his way around a golf course, go sailing or ice skating or throw himself actively into a civic project in which he usually is engrossed.

The skin diving bug bit him last summer in Florida where he took up the sport at the invitation of a class learning fundamentals.

Lately Hulings, a bank vice president, took to the air in a light plane, his first piloting since 1919.

Dickinson Meets Bullet Cagers Here Wednesday; Freshmen Game At 6:45

After taking a drubbing here Saturday night from Lafayette, the Gettysburg College cagers will seek to get back into the win column here Wednesday evening when Dickinson College will be met in a double-header, the freshman game starting at 6:45.

Last week the Bullets took a 76-70 victory at Carlisle and are confident they will be able to repeat that triumph.

Under their new coach Joseph DuCharme, the Red Devils have been experiencing one of their poorest campaigns in years. When they lost an 82-72 game at Moravian Saturday night it marked the 15th loss in 16 games.

Five Lettermen

Five lettermen, including two regulars on last year's starting squad, are back this season. The holdover starters are Jim Connor, 6-1 forward, and John Kohlmeier,

6-4 center. Other lettermen include Don Leggett, Jack Gould and Robert Smith. Connor, a junior, set three individual Dickinson scoring records last year when he had a 20.1 average.

Johnny Yovicsin's freshmen, 8-5, won 80-74 at Carlisle last Wednesday.

The scholastic program is exceedingly thin tonight. Delone Catholic, 11-13, plays a return game at Westminster.

In the previous meeting at McSherrytown on January 27 the Bulldogs romped to an easy 74-57 victory.

Title Game Tonight

One of the top schoolboy attractions tonight will be the Carlisle-Middletown clash at Tracey Hall, Harrisburg, for the second half title of the South Penn League. Middletown took the first half honors and was unbeaten in 19 games until

"I'm in the service business"

"I'm not here just to pump gas. I'm here to do everything I can to keep my customers' cars in A-1 condition. I'm in the service business."

"That's why I'm 100 per cent behind Atlantic's gasoline price policy. It gives me a chance to make a reasonable profit from my gasoline sales. And lets me give my customers the kind of service they want and expect."

These words express the typical reaction of many Atlantic Dealers to the basic gasoline price policy recently inaugurated by The Atlantic Refining Company in Pennsylvania and Delaware.

THE ATLANTIC REFINING COMPANY

Under this plan, the company (1) Sells gasoline to its dealers at as low a price as that paid by any of their major brand competitors; (2) Recommends its dealers sell at a suggested minimum retail price which enables them to earn a fair profit and thus maintain top-quality service.

Dealers are hailing this forward step and are enthusiastically supporting it. With a reasonable profit, they are giving the motoring public the kind of service that matches the high-quality products they sell.

Today, more than ever, you find your biggest motor-ing value at your Atlantic Dealer's.

BRITON RACES TO CYPRUS IN PEACE EFFORT

NICOSIA, Cyprus (P)—A hurried surprise visit by British Colonial Secretary Alan Lennox-Boyd spurred speculation today that a new peace move was imminent in the bitter dispute over the future of Cyprus.

Lennox-Boyd's predawn departure from London on Sunday underscored the urgency of his mission. The Colonial Office declined comment.

The Cabinet minister on arrival would say only that he had come to obtain first-hand information and that he hoped for happier relations on the strife-torn island.

Cypriots seeking union with Greece have been waging a terror campaign against the British for months. Britain earlier this month tendered an olive branch offer of home rule on domestic affairs, with the British retaining control of defense and foreign policy.

Favored As Stoppag

Orthodox Archbishop Makarios, leader of the Mediterranean island's Greek-speaking majority who favor union with Greece, appeared to favor the British proposal as a stopgap.

But the plan reportedly founded on the archbishop's demand for amnesty for Cypriot Greeks convicted of terrorism, including some under death sentence for murdering British soldiers.

Lennox-Boyd's rush visit suggested the possibility of a compromise agreement that only a top Cabinet minister could sanction. The archbishop had been dealing with the British governor, Field Marshal Sir John Harding.

Prime Minister Eden's government has been under pressure in Parliament to explain the situation on Britain's most important military base in the eastern Mediterranean.

In Ankara, Turkish Foreign Minister Fuat Koprulu accepted that Turkey never would insist a settlement that would lead to union of Cyprus with Greece.

MAYOR EAGAN ASKED TO QUIT

AURORA, Ill. (P)—Controversial Paul Egan, who came off the relief rolls to become mayor in 1953, has been asked to resign because he wrote a letter to a deputy premier of Russia.

Egan, 57, protested to Anastase I. Mikoyan, the Soviet official, that freedom of speech is dead in the United States.

In his recent letter to Mikoyan, Egan said he had been denied the right to speak up at the National Conference of Mayors in Washington, D.C., Feb. 16-17.

He also asked the Russian deputy premier if the Soviet Union would pay for a tour of Russia by some 200 U.S. mayors.

The request for Egan's resignation, which he turned down flat, came at a special meeting on Sunday called by Egan to hear his report on the Washington conference. It was attended by some 350 persons and soon became a boisterous affair punctuated by catcalls and noisemaking.

After reporting on the mayor's conference at length, Egan read his letter to the Soviet leader.

SECRET ROOM IN OLD HOUSE YIELDS RICHES

CHICAGO (P)—A secret room in a ramshackle house has produced a treasure box filled with money and gold and some intriguing side-lights about the life of two spinster sisters who earned a fortune on the stock market.

The 100-year-old, two-story dwelling in the center of suburban Itasca was the home of Josephine and Cecelia Schroeder—last survivors of a family that settled in Itasca when the region was virgin farmland. They lived there with 16 pet cats.

Josephine died April 23, 1954, at the age of 89. Cecelia died last Sept. 7 at 76, leaving to charity the bulk of the \$225,000 estate the sisters had amassed.

Cash, Coins And Gold

Charles E. Newton, executor of Cecelia Schroeder's estate, told Sunday night about stumbling into a hidden room while making an inventory. He pushed aside a dresser and discovered a doorway into a room cluttered with boxes and other items. He picked up one box and the top flew open.

Inside was \$4,460 in present-day

CALL GUARD TO QUELL RIOTS; 46 ARRESTED

DAYTONA BEACH, Fla. (P)—Criminal charges were on file today against 46 persons in connection with a Saturday night riot that required action by the National Guard before order was restored.

Police said "drag race" fans formed the core of a mob of several thousand that sparked the riot. Many persons in the mob were from out of town.

The race enthusiasts were drawn to Daytona by tests held in connection with the two-week racing program sponsored by the National Assn. for Stock Car Auto Racing.

Drag racing is an acceleration speed run from a standing start for measured distance. Two or more autos at a time make the runs.

Guardsmen were called out at 1 a.m. on Sunday. They restored order in less than an hour. They were called after milling thousands had defied police authority for nearly five hours, surging through a beach business section and doing extensive but minor damage to property.

After the mob was broke up and police patrols were maintained through the area. The National Guard remained on the alert until 10 p.m. Sunday.

BOAT UPSETS; FIVE DROWN

LA PLATA, Md. (P)—A motorboat speeding over the windchopped waters of the Potomac River on Sunday suddenly flipped over, throwing seven persons into the water. Five drowned.

Drowned were Kay Roundtree, 20, Washington; her niece Glenda Stafford, 18, and her 16-year-old sister Kay, River Springs, Md.; Russell Walling, Colonial Beach, Va.; and Peyton C. Wodzell, Warrenton, Va. Wodzell was owner and operator of the boat. Both men were in their 30s.

Rescued by a Maryland Tidewater Fisheries Commission boat were Linda Knight, Washington, and Barbara Ann Russell, 19, River Springs. They were treated at a hospital for shock and released. Miss Roundtree was to be married this week to a sailor stationed at Bainbridge Naval Air Station, Md.

The tragedy occurred off Cobb Island, Md., in southern Maryland. All five bodies were recovered. The sheriff's office said the boat was traveling so fast in the rough water the bottom was ripped open.

\$100, \$50, \$20 and \$5 bills, gold watches and chains, \$300 in old gold coins, \$100 in gold certificates, a handful of old 2-cent and 3-cent U.S. coins of the Civil War period, and a few old nickels and Indian-head pennies.

Musty Souvenirs

The value of the old coins or of other antiques in the home has not been determined. They will be added to Cecelia Schroeder's estate, most of which will be used to support Protestant and Catholic orphanages.

Other boxes disclosed frilly and romantic Valentines—addressed to the sisters in 1906—old magazines, the hide of a pet cow they kept on their 6¼ acres of land, and numerous other items the sisters had collected.

The house lacked running water or a bathroom.

NEW 'SCREAMER' GIVES WARNING

WASHINGTON (P)—Development of a new pocket radiation-detection device which screams if you're exposed to radiation beyond a certain level was disclosed Monday.

The existence of the "radiation pocket screamer" became known when the Atomic Energy Commission announced release of the patent on it and 39 other devices and processes in the atomic field.

The small, pocket-sized device was originally designed for use by atomic workers, but presumably has potential value for civil defense work. It operates this way: Before you enter an area where there might be radiation, you adjust a dial to a dosage level which you feel will be safe.

The tube has a chamber for detecting radiation, and when the total dose received by the bearer

KREMLIN REDS ARE RE-ELECTED TO PRESIDUM

MOSCOW (AP)—The Central Committee of the Soviet Communist party Monday re-elected the 11 members of its ruling Presidium, Nikita S. Khrushchev was re-elected first secretary.

Defense Minister Georgi K. Zhukov, World War II hero, became a candidate (alternate) member of the ruling body, which was known in Stalin's day as the Politburo.

Thus the so-called collective leadership of the Soviet Union remained unchanged at the close of the 20th Congress of the Soviet Communist party. As first secretary, Khrushchev remains boss of the party, a position he assumed in 1953 when Georgi Malenkov relinquished the job. The first secretary is in a position to control the vast party apparatus throughout the country.

Woman Is Elected
The party elected six candidate (alternate) members, an increase of four. Among them was the first woman ever to serve on the ruling party body. A party secretariat of eight members, headed by Khrushchev, also was elected.

These are the presidium members: Khrushchev, first secretary of the party and a deputy in the Supreme Soviet (Parliament). He has been the dominant personality in the party since the fall of 1953 when he took over its leadership, while Malenkov still was premier.

Nikolai A. Bulganin, who succeeded Malenkov as premier early in 1955.

Lazar M. Kaganovich, a first deputy premier, Supreme Soviet deputy and head of a wages and hours commission for Soviet industry.

Malenkov Retained
Malenkov, former premier until he confessed failure at the job and now a deputy premier, minister of electric power stations and a Supreme Soviet deputy. His ministry came under fire at the recent party Congress.

A. I. Mikoyan, a first deputy premier, Supreme Soviet deputy and foreign trade expert.

V. M. Molotov, first deputy premier, foreign minister, Supreme Soviet deputy. He confessed to an error in ideology recently.

Mikhail G. Pervukhin, first deputy premier, Supreme Soviet deputy and Malenkov's boss as a leading Soviet industrialist.

Others Elected
K. Y. Voroshilov, a Soviet marshal and comrade of Stalin who now is chairman of the Presidium of the Supreme Soviet, and in effect, president, but without presidential power.

M. A. Suslov, first named to the Presidium last July, former editor of Pravda and long a Central Committee member.

A. I. Kirichenko, named to the Presidium with Suslov in July. He came up from the Ukraine party organization — once Khrushchev's — where he was first secretary Member of the Supreme Soviet.

"BLUNT AN ATTACK"
WASHINGTON (AP)—Chairman Lewis Strauss of the Atomic Energy Commission says tests this spring will put emphasis on defensive nuclear weapons "designed to blunt an attack."

He said such devices could include "weapons against incoming planes or an incoming missile." Eventually, he said, he hopes the atomic program will include weapons for "a kind of defensive purposes—except hand grenades."

The AEC has said it will conduct tests at its Pacific proving ground this spring. No date has been announced.

WIRE ROPE SUIT MAY BE DROPPED

PHILADELPHIA (AP)—The taking of depositions in the antitrust damage suit brought by the Sunbury Wire Rope Co. has been postponed indefinitely pending argument before U.S. District Judge Alan K. Grim on whether they will be taken at all.

Sunbury brought suit against nine of the nation's largest steel producers, among them U.S. Steel, Bethlehem Steel, Youngstown Sheet and Tube Co., and Jones and Laughlin Steel Corp., on grounds they conspired to destroy Sunbury's business.

Sunbury contends that it was forced to suspend operations in March 1954, and faced a total loss of assets.

A year ago Sunbury filed a petition in federal court seeking approval of a plan for reorganization.

Atty. Edward W. Mullinix, representing the defendants, said argument against taking of depositions will be heard by Judge Grim sometime after March 19.

NEGRO PASTORS TALK ON BOYCOTT IN ALABAMA

MONTGOMERY, Ala. (AP)—Several of the 24 ministers arrested for leading the Negro boycott of segregated buses based their Sunday sermons on racial and religious issues touching on the protest.

One minister said the protest to racial segregation "has become a spiritual movement."

The Rev. Martin Luther King Jr., preaching to a capacity crowd at the Dexter Avenue Baptist Church, said, "Segregation can't survive because God is against it."

King said he talked to several white students at Vanderbilt University last week while in Nashville, Tenn., and 90 per cent of them favored racial integration.

The Rev. R. W. Hinson told his congregation at St. John's African Methodist Episcopal Church that the bus boycott "has become a spiritual movement with us."

He noted that bishops of his church had aligned themselves with the Montgomery boycotters and had issued protests in Washington Saturday to the arrests of the 89 Negro leaders here last week.

Asks For Guidance
The Rev. J. W. Bonner, pastor of the First Christian Methodist Episcopal Church, called on his congregation to "ask God's guidance" in the racial controversy.

He read telegrams and letters from bishops of the church promising moral support and financial aid. One contained a \$200 donation from Bishop B. Julian Smith of Chicago, head of the Oklahoma-Arkansas district of the Christian Methodist Episcopal Church.

King, one of the most outspoken boycott leaders, asked for a special collection of \$1 yesterday at his church to finance the boycott.

At the beginning of 1955 the value of U. S. farm machinery and motor vehicles was 26 per cent above 1950.

SEGREGATIONIST RAPS CATHOLIC UNIV. OF LOYOLA

NEW ORLEANS (AP)—An Orleans Parish county School Board member who is pledged to maintain racial segregation has accused Roman Catholic institutions of perhaps "unwittingly aligning themselves with sinister forces."

Emile A. Wagner Jr. made the assertion on Sunday after a non-segregated interracial meeting at Loyola of the South, a Catholic university. Hulan E. Jack, Negro president of New York City's borough of Manhattan, shared the speakers' platform with Archbishop Joseph Francis Rummel.

Wagner, a Catholic and Loyola alumnus, said in a statement criticizing the university that "certain institutions and agencies in their zeal to foist racial integration upon an unwilling and intellectually sincere majority may be unwittingly aligning themselves with sinister forces which are working to bring about . . . the destruction of the democratic way of life."

Opposed To New Yorker
Rummel, in his speech, had similar charges to make of segregation defenders. The archbishop said they may be "doing the work of those striving to introduce the principles of atheism and infidelity and the principles of communism in the United States."

Wagner strongly objected to the appearance of the New York speaker. "I am not going to say Mr. Jack is a Communist or anything like that—I don't know," he said. "But the public is entitled

to know the facts."

He released to the press four typewritten pages allegedly containing information associating Jack with organizations listed as subversive.

Unsigned Papers
Jack, categorically denying the associations, said, "I never had any activities with these organizations of any nature."

The typewritten pages, undated and unsigned, were marked "Information From the Files of the Committee on Un-American Activities, U.S. House of Representatives."

Wagner was quoted as saying the files were sent to him by Mrs. Juliette Joray, acting clerk of the House committee. In Washington, Mrs. Joray said she sent the data to Wagner on orders of Richard Arens, acting counsel for the committee.

**SAY REDS TRIED
TO KILL MAO**
HONG KONG (AP)—The pro-Nationalist Hong Kong Times said Monday that the Russians had tried to kill Mao Tze-tung by sabotaging his private plane but the aircraft exploded and crashed before the Chinese Communist leader was to board it.

No word of any such crash has come from Peiping radio or Communist agencies here or on the mainland.

The Times, quoting "foreign diplomats in Peiping" as its source, said the crash occurred during a test flight Feb. 13 at Fengtai, south of Peiping. It said five crewmen, including a Russian pilot, were killed.

The report claimed sand had been put in one fuel system of the four-engine craft by two Russian engineers "acting on Kremlin orders to eliminate Mao for deviating from Russian policy." The report added that Mao had been scheduled to board the plane later in the day for a trip to Manchuria.

DEMOCRATS ARE POUNDING AWAY AT SEC. DULLES

By ERNEST B. VACCARO
WASHINGTON (AP)—Sen. Mansfield (D-Mont.) said today Secretary of State Dulles has raised new obstacles to approval of the administration's foreign aid program by "suggesting that Russia is losing the cold war."

"The facts are that Russia is on the march diplomatically, economically and militarily, in the air and guided missile field," Mansfield told an interviewer.

"We ought to face the facts and act accordingly."

Democrats Pound Away
He said the American people won't shrink from paying a necessary bill for foreign aid "if they are told the truth about the Russian situation." But, he asked:

"How are senators and congressmen going to explain votes for billions in new foreign aid when the secretary of state tells the people the Russians have failed and have got to devise new policies?"

Democratic senators have been pounding away at Dulles since he told the Senate Foreign Relations Committee last Friday that Soviet Russia—confronted by free world unity—has been forced to abandon a 30-year policy of violence and intolerance. The Democrats have contended the facts don't add up to this conclusion.

Says He Tried Deceit
Sen. Fulbright (D-Ark.) told the Senate yesterday that Dulles at-

Hunting Dogs In Hog Wild Chase

CHARLESTON, W. Va. (AP)—The man said his dogs had trailed an animal for more than 10 minutes, but when he reached the dogs only the head was left.

The hunter sent the head to the Conservation Department to find out what it was. Game Chief C. O. Handley told him: the jaw of a pig. "Apparently your dogs picked it up along the trail and quit the hunt to eat it," Handley explained.

Wants Credit For Every Circuit Blow

DETROIT (AP)—General Manager Herold (Muddy) Ruel of the Detroit Tigers was praising Charley Lau, a 22-year-old catching prospect.

"He's a good hitter," Ruel said. "He hit 18 home runs for Durham in the Carolina League last season." "Er, excuse me, Mr. Ruel," I wrote Lau shyly. "I really hit 19. I wrote to the League about it. One got lost in the shuffle."

tempted to "deceive the American people about the deadly menace which confronts them."

Sen. H. Alexander Smith (R-N.J.) said he was drafting a formal reply to be delivered in the Senate today or tomorrow.

Fulbright said the Russians have made new headway with Asiatic and other peoples by "parading" as their friend, "ready to help them raise their miserable standards of life, without requiring first that they enter into military alliances."

In contrast, he said, the United States has been made to appear as a nation that "can think of the fight for peace in no terms except that of military alliances and the shipment of arms."

REPORT EARLY BIG 3 ACCORD ON WAR ACTION

By ARTHUR GAVSHON

LONDON (AP)—The Big Three Western Powers today were reported agreed on the main lines of military action they would take against any nation starting a new Arab-Israeli war.

A British informant said the exact details still are being worked out by diplomats and staff officers of the United States, Britain and France in Washington. But Western action in an emergency, he asserted, would be swift and effective.

The Foreign Office refused to comment on the report. Officials said, however, the British and French ambassadors in Washington will meet again soon with State Department leaders to continue a study of the problem.

Show Naval Strength
The United States and Britain already have begun a show of their naval strength in sight of the disputing parties in the eastern Mediterranean.

Current or planned naval moves in that area suggest that Western sea and air power would be used initially if large-scale fighting broke out between Israel and her Arab neighbors. The informant said present arrangements call for dispatch of land forces to a battle zone only as a last resort and after consultations with the United Nations.

The source noted that destroyers of the U.S. 6th Fleet already have begun a series of regular visits to Egypt's Port Said with the permission of the Egyptian government. U.S. warships also visited the Israeli port of Haifa during the weekend.

He said Britain plans similar visits by Royal Navy vessels to Israel and Egypt.

Making It Clear
The concerted British-American naval moves stemmed from the Washington conference between

President Eisenhower and Prime Minister Eden early this month. British government officials said privately the object is to make clear to all parties concerned that British-U.S. forces are available to act if a crisis arises.

Official sources in Damascus reported that Britain and the United States have informed Syria they are deeply concerned over the mounting tension between Syria and Israel concerning use of the river Jordan's waters.

Syria recently told Maj. Gen. E. L. M. Burns, chief U.N. observer in Palestine, it would resist by force any Israeli attempt to divert the waters of the Jordan, Syria said such action would "constitute aggression on Syria's rights and interests."
